

Livestock

# Lecifeed® Classic

The product Lecifeed® is a mixture of soybean lecithin with free fatty acids. The high energy content and emulsifying effect of lecithin promotes fat digestion and results in increased growth and fat deposits. The naturally present choline is used more efficiently in the animal, so a lower content of choline chloride can be used in the feed formulation. In addition, Lecifeed® has functional properties such as an anti-oxidative and preservative effect to promote overall animal health. The product complies with laws and regulations. Mycotoxins, insecticides, pesticides and herbicides are tested according to the GMP+ FSA. The product is GMO (according to Regulation (EC) 1829/2003 and 1830/2003).

Levels are based on averages and stated in grams per kg of dry matter, unless stated otherwise. Changes in product composition are reserved.

## Feeding advice based on DS of total ration

Weaned piglets (up to 25 kg)	max 4%
Fattening pigs (25 - 50 kg)	max 4%
Fattening pigs (from 50 kg)	max 4%
Sows	max 4%

## Logistics & Storage

Transport	Liquid with tank truck
Storage	In acid-resistant silo or bunker with agitator
Shelf life	12 months, provided the silo or bunker is cleaned regularly
Nipple worthy	No
