Cookie Dough Deluxe

Cookie Dough Deluxe is a circular animal feed ingredient made from former foodstuffs such as bread, pasta, breakfast cereals and cookies. The product is standardized and of high quality through the thermal treatment and indirect drying process. It has a much higher energy value compared with single grains due to the fortification with high-fat products.

Quality

The product complies with laws and regulations. Mycotoxins, insecticides, pesticides and herbicides are tested according to the GMP+ FSA. The product is non-GMO (according to Regulation (EC) 1829/2003 and 1830/2003).
