

Livestock

Weipro 30

Weipro 30 is released during the production of cheese for human consumption. The co-product Weipro 30 for livestock is characterized by its high lactose content, which has a positive effect on palatability.

The product complies with applicable laws and regulations. Mycotoxins, insecticides, pesticides, and herbicides are tested according to the current GMP+ FSA standards. The product is non-GMO (according to Regulation (EC) 1829/2003 and 1830/2003).
